

# EMERSON IMPLÉMENTEURS STEWART

Emerson Stewart is a progressive and ASX listed group that provides environmental, engineering, project delivery and specialist consulting services to bluechip clients across the resources, infrastructure and energy sectors

## Project Controls

Due to expansion of the business Emerson Stewart is seeking to appoint a Project Controls Manager to join its mining + industry team.

This position will form part of a core team that will service a number of Emerson Stewart clients, with high end project control consulting services. The primary function of the role is to independently analyse current project status and implement effective project control strategies and solutions for maximum project delivery.

To be successful in this role you will have 10+ years experience in a similar position and have a strong understanding of consulting in the mining and minerals and oil and gas industries. As well as having the relevant tertiary qualifications, excellent attention to detail and an ability to work in a dynamic, success driven team in order to deliver first class solutions to clients.

You must be Australian citizen or hold the correct visa to work in Australia to be considered for this role.

An attractive remuneration package will be offered. Please forward your Resume attention to Manager Team+ at [careers@emersonstewart.com](mailto:careers@emersonstewart.com). All applications will be treated 'in confidence' to protect the privacy of candidates.

No agents please
