

# EMERSON IMPLEMENTEURS STEWART

Emerson Stewart is a progressive and ASX listed group that provides **environmental**, **engineering**, **project delivery** and specialist **consulting** services to **bluechip** clients across the **resources**, **infrastructure** and **energy** sectors

## Project Manager

### Background

Due to expansion of the business seeking to appoint a Project Manager into our successful Perth based business.

### Position Requirements

This position will form part of the Mining + Industry team that will service a number of Emerson Stewart clients, with high end project management consulting services. The primary function of the role is to ensure all project management activities proceed within schedules and in accordance with project specifications.

To be successful in this role you will have 5+ years experience managing major projects within the mining, minerals or oil and gas industries. As a result, you will have a strong understanding of the full life-cycle of project management. As well as having relevant tertiary qualifications you will possess excellent attention to detail and an ability to work in a dynamic, success driven team in order to deliver first class solutions to clients.

You must be Australian citizen or hold the correct visa to work in Australia to be considered for this role.

An attractive remuneration package will be offered along with the opportunity to work on some exceptional projects with exceptional people. Please forward your Resume attention to Team+ Advisor at [careers@emersonstewart.com](mailto:careers@emersonstewart.com) All applications will be treated 'in confidence' to protect the privacy of candidates.
